JHONATAN TELLES RIBEIRO

PRESENTATION

Currently, I am pursuing a Master's degree in Geography at the Federal University of Espírito Santo. My research is focused on studying the demographic and spatial dynamics of populations in large urban agglomerations, exploring their impacts both economically and in terms of space production.

EDUCATION

- Master's Student, Geography — *Federal University of Espírito Santo (UFES)*
2024–2025
Dissertation Title: Spatial dynamics and sociodemographic transformations: The case of Cariacica
Advisor: Aurélia Hermínia Castiglioni
- Bachelor's Student, Economics — *Federal Institute of Espírito Santo (IFES)*
2024–2028
- Bachelor, Geography — *Federal University of Espírito Santo (UFES)*
2020–2023
- Bachelor, Accounting — *Vila Velha University (UVV)*
2022–2023
- Technology, Financial Management — *Vila Velha University (UVV)*
2020–2021

PROFESSIONAL EXPERIENCE

- Master's Scholar — *Coordination for the Improvement of Higher Education Personnel (CAPES)*
2024–2025
- Undergraduate Research Scholar — *National Council for Scientific and Technological Development (CNPQ)*
2022–2023
- Extension Scholar — *Federal University of Espírito Santo (UFES)*
2021–2022

RESEARCH INTERESTS

- Dynamics of demography, urban, regional, and economic factors
- Spatial mobility of population in large urban areas
- Migration and economic dynamics
- Residential mobility

RESEARCH PROJECTS

- Residential mobility, family, and inequalities in intraurban space
2023- (undergoing)
- Demographic family dynamics and migration patterns in Brazil: Transformations since the 1990s
2021-2024 (completed)
- Aspiration for new mobility among migrant families in the RMGV
2022-2023 (completed)
- Transformations in the Brazilian migration pattern in the 21st century
2021-2023 (completed)
